

## Marel compact CG 60 grader line for 6 gates

Manufactured year: 2004

Condition: Good, working

Marel Compact Grader is a part of a line of low-cost advanced processing equipment that offers essential high-tech characteristics. Suitable for simple grading and batching of a wide variety of products, the grader is designed to fulfill the needs of small and medium-sized companies.

Compact Grader CG 60 Developed on the cutting edge of food processing technology, the Compact Grader CG 60 grades product pieces into a maximum of 6 different grades. As the pieces move along the grader, the system's sturdy arms quickly swivel out and gently pull each individual piece into the correct chute for its grade. With a capacity of up to 120 pieces per minute, depending on product type, the grader is a robust, user-friendly workhorse that significantly improves efficiency and profitability.

Product size (L×W): 400 × 250 mm.

Weight: up to 3 kg

Power: 0,5 kW

Voltage: 230 V \ 50 Hz

Working pressure: 5,5 bar

Dimensions (L×W): 2920 x 1250 mm

Dimensions of weight platform: 600 × 300 mm

Belt width: 305 mm

Weight: 185 kg

100 adaptable programs

Precision: standard deviation 0-500 gr: 1,5 gr \ 500-1500 gr:
